**DISTRICT 70 IS HOSTING**  
**ANOTHER JOB FAIR!!!**  
(job openings listed on reverse side)

Brothers and Sisters,

As we all know, thousands of layoffs in the light aircraft industry have left many families in our community struggling to get by.

The IAM is an organization of workers *for* workers. You don't stop being a part of the Machinists family just because you are laid off. This union does NOT forget our laid off members and we are still working hard for you. We are currently working to find ways to generate new jobs as well as continuing to lobby on Capitol Hill to increase aid for the unemployed and extend the unemployment benefits, which we all know is a much needed lifeline during such a serious downturn.

The District 70 Staff, Southern Territory General Vice-President Bob Martinez and International President Tom Buffenbarger have continued to work to find ways to help the laid off Wichita and Salina area workers.

We have found two IAM represented aerospace companies who want to hire experienced aircraft workers. Both companies have agreed to come to Wichita to fill these open positions within their companies. These are good IAM union jobs with excellent pay, benefits and a strong IAM contract.

The IAM is hosting this second Job Fair on November 17<sup>th</sup>, 18<sup>th</sup> & 19<sup>th</sup>. It will be held at the Machinists Building, 3830 S. Meridian, Wichita, KS. Hours will be from 9:00 am – 5:00 pm. The jobs these companies are hiring for will be located in Georgia, Alabama & Texas. Relocation would be required.

**"Proud to be Union"**

Prior to the job fair, if you require help to update your resume or need assistance writing a new one, please contact Carolyn Bunch with KANSEL @ 316-263-9620. They can also help you with coaching for your interview so you can be as successful as possible in your job search.

Listed below are the specific jobs these companies are hiring for. I am looking forward to seeing you here at 3830 S. Meridian, Wichita, KS 67217.

In Solidarity,

STEVE ROONEY

President/Directing Business Representative  
District Lodge #70, IAM & AW
